Interview notes

Melvin R. Paisley
6516 Ridge Rd

9/13

Received termination pay. Rec'd 180,000
Part was for bonus due.
Paid for 1000 to 1400 his sick leave

Rec'd check less 20% for taxes.

Retired 10/1/80.
Sworn in 12/80. Rec'd check
last week in Oct left on
first week Oct.

Believe picked up check at payroll
but may have been sent to bank.

Believe it was all severance pay. Think
it co. policy for people leaving
to govt employee, state, union.

Worked at Boeing for 28 years
Drawing retirement from Boeing.
Second retirement from Boeing,
when he compensation paid to
Retna to administer. Paid by
company, but guaranteed by Retna.
Done after discussed with
Dept of Navy Legal Counsel

Became aware several months prior to retirement, Co. gave several retirement options. Told by people in Personnel Dept. Told orally.

Only reason for receiving was due to retirement. Had option of resigning & picking up retirement when desired or retiring.

Have no understanding about returning after govt. employees think against their policy.

Don't know how calculated. Boeing talked about moving, but didn't. Govt didn't either. Think they take into consideration how far going, what bonuses due, position. No documents.

Talked to people at Boeing about how much it would cost to work for govt.

Do a lot of soul searching before deciding.

Thank personnel people at DOD put together a list of possible people. Incl. by Sec of Def then rec'd presidential approval.

Current duties

Research & engineering for all new systems for USN.

Have been in contact at least monthly with Boeing rep. Half of job is talking to contractors.

Have not participated in any policy making that would affect Boeing.

Have made no decisions that affect Boeing contract.

About to make decision. Program decision in spring, only by Boeing so will be negotiated by contract office.

Program under study 4-5 years.

(4)

Boeing only bidder.

Don't keep notes re conversations with Boeing or any other contractors.

Executive Assistant
Capt Robert Talle USN

-

b6
b7C

Think there may be a phone log. If anyone would know, Capt. Talle would.

Haven't given much thought to where to go after govt employee. May try to stay in.

Have no financial arrangements with Boeing other than retirement.

Talk to Boeing as much as any other contractors.

(5)

+ If Boeing had refused to pay salary & bonus due, wouldn't have left. * Had held former high level position in Treasury

Rec'd COA counseling from [redacted] Told Paisley there was no legal problem whatsoever over term pay. Only concern not to be paid for by Boeing while working as consultant for Govt awaiting confirmation.

b6
b7C

Shown COA statute by Navy Counsel Duffy. Rec'd it.

R/D notes re
interview of

doesn't know Reynolds

did some aspects of Paisley, doesn't recall doing anything on T.K. Jones

① any agreements

clearly emp. for past services / one to encourage employees to accept gov't service.

never seen worksheet

② Gen. Counsel to Treasury Dept,

Aug 74 - Dec. 1974 - came from gov't,

might work for gov't one year or 8

convenient way to determine severance pay for going to gov't - scale

no intent to supplement pay of public official (think statute on that)

consulted on Paisley pension by Navy - asst gen. counsel - Paisley vested pension generated pot. conflict because he might be in position to keep Paisley sound by sending business - if in trouble, pension in trouble. Thought it was stretching a bit far - we bought indemnity bond guaranteeing pension beyond term of service w/ gov't,

Spring 1981 approx,
pay fully disclosed to Navy - extent of dealings - No continuing relationship
by these people w/company (no memo or written policy to his knowledge)

would doubt anyone would have other than personal contact

was general 12-76 to 9/1981

as to discuss termination pay - may have discussed w/ ,
was aware of statutes ① pres. appointees to Treasury Dept,
or possibly others,

b6
b7C

conditions about specifics

- ① no conditions or agreement
- ② reasonable salary level/length w/company
- ③ apply same rules regardless of dept going to

formula must be truly organization for past services to apply ② consistently

never looked at question of portion of money being paid by gov't,
Not organization for forward services,

no contacts w/ any of 3 except for Paisley (clerk at airstair)

T.K

discussed prop. of wife being in
decided she right to get another job.

b6
b7C

termination pay common in industry / based on belief + experience
seemed like everyone in Decatur got severance pay (pres, appointments)
tends to be higher level people - decrease border
6 - 36 months salary

9/14

b6
b7C

① Clearly compensation for
past services
one of encouraging Boeing
employees

Gen Counsel
Treasury Dept
Came in 76
Did not get
Private Law Practice

convenient way of
deciding what is an appropriate
severance pay for someone
who is leaving Boeing &

No intent to supplement
the pay of a public official

Severance pay

Consulted re Paisley
concerning Pension

Paisley's ^{early retirement} pension fully
vested -

Generated ~~pot~~ potential conf of int
because he might be able
to be in position to keep Boen,
Juan

CONF. solvency of Pension Trust
My response nonsense -

Financial stake in future
of Boen
stretching out but for

ultimate solution
purchased indemnity
bond & guarantee Paisley
retire for period of time
& then on

Believe termination pay
fully disclosed w/ Navy -

Saw Paisley at our
Chalet at Air Show in England
last week -

I was General Counsel of
Boeing from Dec '76 to Sept 81
Paisley - spins of 81

b6
b7C

I may have discussed w/
 the ? of pay -
Terminal Pay &
But don't recall
specific discussion

I dealt w/ cof ltr
problem w/

Never occurred to me
to probe someone's fully
funded pension

would have
cautioned

Truly a severance pay
No obligation to him back

May have had general
conversations concerning

Never focused on ? That
some portion of Termination
pay would be charged back

NOT supplementing
so long as not
conditioned on what job

obtained -

No requirement that
any of these peo

ooo I evidence w/ a
compensation for forward
services -
since can leave

No contact w/ any
don't know Reynolds

employ by

~~pro~~ propriety -
He concluded she should
leave - if she left BCS or not
I have no idea if she
He had just got married -

Is my belief that
Pay is common in industry

My experience in Treas Dept

everybody ~~got~~
Pres Appst types

~~got~~ Terminal Pay -

Terminal Pay went
from 6 mo - 36 mo salary

(Private Industry salary)

NOT unusual.

Sept. 1981 general counsel

involved w/ tail end of Pinsky with asst gen. counsel Nary

- ① terminal pay - losses of benefits earned that weren't vested - can't speculate intent of pay,
- ② unknown as to who originated idea
- ③ agreements ... not for 3 but for others involved in, they are given no assurances about coming back - insists that they be cleared up, written this on memoranda.
any specific releases (disclaimers) to come back? Unsure.
- ④ Any agreements between Boerig + res? know of none - no implied, written, oral agreements?
- ⑤ computed pay - who? Not aware of these - use formula (then management agreement to figure usually less)
- ⑥ Re work papers - why 3 1/2 or 4 years? No idea.
- ⑦ Who decides who gets term. pay? Paper from Pres. Boerig Aerospace only thing seen, Unknown if process began there.

⑧ authority to make payments -

his review of pay would be strictly legal

sent to corporate attorneys - assumes business decisions already made at this point

⑨ employment K between Boeing + people at time, No,

⑩ Boeing white policy, Now - they will be in same position as anyone else applying. Aware no commitment can be made

when at Boeing

Paisley - Aerospace - upper middle management

Jones - Aerospace - not vice president

⑪ who has jobs now? Reorganized - job may not still exist.

⑫ past termination payments (Fred)

others got it probably but nothing specific

⑬ policy on termination pay -

> saw one came through with 2 or 3 different ways of computing amount

> individual do subtitled computations

looking at coming up with final policy - still in draft stages

Fred (Paisley)

regular retirement

supplemental plan for retired execs,

Joseph J. Duffy, Ass't. General Counsel of Navy

Navy concerned that part of retirement plan

solved by buying insurance policy from Aetna against loss of any of his benefits if Boeing failed

as to supplemental - as long as indiv. drawing it, could not work for any other co, Boeing gave complete release.

⑭ No business ventures between 3 and Boeing.

⑮ no dealings with 3 - met Paisley at some dinner

⑯ Deal w/ people in Gov't for Boeing
Dept Defense
Navy + Air Force

⑰ type deal with
top level procurement policy people

⑱ not involved in obtaining gov't employment for any of the 3 people.

⑨ statement (Red)

in light of Sec. 209 has been reviewed

Paisley arrangements made / conflict if got continuing payments

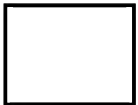

part of formula was to account for tax impact of withdrawing
lump sum from retirement

> issue of participation in plan or no plan
does lump sum payment violate

Feels former employee would have no dealings w/ Boeing

b6

b7C

how can we make gov't attractive

Paisley retired early - he'll never be back - transition - loss of friends -
just made easier,

Paisley - waive right to work with anybody,

benefit to Boeing - will run Dept of Defense,

because payment made before - feels no conflict

would not have done it if it would create legal violation

Fed

compilation
however did review in light
of 18 USC 209

Severance pay - ~~my~~ priorth time
he became Govt employee

Addressed issue of

D.B

Encouragement to go
into Govt service

Paisley retired early -
we'll never see him again -
Transition made easier

TAX implications
No strings on payment
It was made before he left

Benefit to Boei's for payment
395,000 -
Well run Dept of Defense

Payments made before
they left. No strings attached.
Therefore I do not feel there is
any violation 18 USC 209.
We wouldn't have
done it if we felt there
was any very inappropriate. We're
frankly very cautious.

The Boeing Company - 7755 East Marginal Way So

Role on Termination Pay

Did most of the Math on compilation of terminal pay.

Process:

Oral input on occasion will initiate
most generally initiated by
letter however

in these cases

All three initiated by Boeing Aerospace Co
by Henry K "Bud" Hebel, Pres
Boeing Aero

believe in these cases each of
individuals submitted memo which
set forth what they feel they
should receive by way of
termination pay -

Review

Agree or disagree w/ claims

Example
~~Opp~~

b6

In Paisley's case his wife
 worked for Boeing
Computer Services - she would
have to leave

He cited this as financial
hardship -

We disagreed - stated she
could find other employment
in view of her job skills
this portion his claim disallowed

①

~~Termination~~ Purpose of Termination Pay
One - make financially
possible for our better people
to favorably consider Govt Service
Govt pay cap discourages
competent people to accept
High level jobs -
Make Govt employment
more attractive

Don't regard Termination
Pay as supplement of Govt Pay
rather recognition of past service

(2) Initiated by BAC
by Bud Hebel

(3) No -

(4) No

(5) I compiled Terminal Pay
along w/ your benefits
staff - part of financial organization

(6) Projected 4 yrs because that
is term of Reagan - ~~after~~
convenience in compilation

(7) Initiated in this case by
Bud Hebel or someone on
his staff - formal letter written
w/ Hebel's signature

(8) T. Wilson Chief Executive
Officer

(10) Depend on Company
situation at time

Potential hiring of retirees?

~~Not~~ ^{No} policy
